

Congratulations to our board member, Prof. Karin Gustafsson who received recently the prestigious Royal Serafimer Award for Excellence in Gender Medicine Research.

The award ceremony took place in the Royal Castle in Stockholm and the honor was bestowed by the King and the Queen of Sweden.

Prof. Schenck-Gustafsson is also past president of The International Society for Gender Medicine and our society and we are all very proud of this achievement.

Prof. Marek Glezerman

President, IGM
